Verse 1

You have searched me and you have known me
The turns of ev'ry moment
Know my every moment
From the worthless you draw the precious
The washing of your word
Wash me in your words

Chorus

You are always with me
Through it all you are here
Father of compassion
You are here with me

Verse 2

In my hurting and in my weeping
The caring of a saviour
Lifted by the saviour
Through my failure sing hallelujah
My thankful heart sings Jesus
Forever I sing Jesus

Bridge

You are always here
You are always here
Your are always here
Emmanuel, Emmanuel
